CAHSEE

The California High School Exit Exam is given several times each year for different grade levels.

The first CAHSEE this year was for 11th and

12th graders. It was given on November 7th and 8th in the Challenger Learning Center.

This location offers maximum bene-

fits for our students, as it is free of noise and interruptions.

Every student must pass the CAHSEE to receive a high school diploma.
