Celebration of Learning

Merced Scholars has a Celebration of Learning in early May. This event showcases our students achievements and talents. If you are interested in performing for this event, please tell your teacher

or the VP. This is a wonderful event where past students have played instruments, performed plays, sang songs and demonstrated their skills such as poetry and karate. The Celebration is a

Chance for students to brag and for parents, friends and families to enjoy just how far MSCS students have come in their education. It is an awesome event!!

Inside this issue:

Celebration of Learning	1
Support Classes	1
Community Service	1
Fundraiser	1
Safety	1

Support Classes

Merced Scholars does offer two on-site classes for our students. We have a project based com-

puter class taught by a computer expert on Tuesdays from 10-12. We also have Student Org. on Wednesdays from

9-12 that creates the school newspaper, learns leadership skills and career paths. This class is taught by the Vice-Principal. Both classes are for all grade levels.

Upcoming Events:

February 5 and 6 CAHSEE testing for 12 graders who have not passed, 9:00-1:00

February 5 4:00-6:00 Advisory Board Meeting

February 14 Ag Career Industry Day in Tulare

February 18-22 President's Holiday Recess

Community Service

Any students who are interested in tutoring Special Education students in reading have an opportunity to work with students that attend school in our building. This is a great opportunity for community service as no extra transportation is needed. You can do this before or after your weekly appointment!!!

Fundraiser

MSCS students will begin selling cookie dough soon. This fundraiser made a lot of money for the school last year. This money was used for fieldtrips, the yearbook, and the prom. These were all a great success for our students. The cookie dough makes great cookies and also freezes well. Your child's teacher will keep you informed about this.

Safety

During this wet weather, please be sure to walk carefully in the building, the floor can be slippery. Also use handrails while using the stairways. Remember to also be careful while walking to your vehicle as your hands may be full of school work as well as an umbrella. Also notice our EXIT signs in case of an emergency. Be safe!!!
